***EXAMINER'S REASONS FOR ALLOWANCE***

The following is an examiner's statement of reasons for allowance: The prior art of record (Diwan; USPN 6801936) taken individually or in combination, fails to teach receiving a plurality of requests via ordinary unicast packets, each request containing an overlapping portion, with respect to the other requests, collecting the requests in a bucket, creating a combined response containing the overlapped portion and transmitting it to the requesting parties via a multicast packet, as presented in all independent claims. These features are distinguished over prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
